THE COW CUTS

move over piggy

- £15.00 | **10oz Sirloin**
The fat around the edge of the sirloin is what gives it added flavour. An English King liked his cuts from the loin so much that he knighted it. Therefore renaming it as "Sir Loin". Juicy cut that we recommend medium rare.
- £15.00 | **10oz Rib eye**
Our most recommended cut. The marbling that runs through it melts into the meat as it's cooked giving it it's rich flavour. Cooking to medium allows enough time for the melting process to occur.
- Both of the above are served with triple cooked chips, grilled tomato, grilled mushroom & onion ring
